CONQUISTADOR 10

Susan Cunin

Hello Susan Cunin
you sit me. Well,
we made it through
another year, and went
to fair, oh he he. It's
wonderful, the seeing you
meet new and other people
and so on. Well, what
can I say, I really can't figure
it out as I sit this on the
farm floor. I'm remembering
all from sheep end you getting
out of school for the fair. Well
anyway I'm at a Dairy-me
Well fair and well have some
more fun, too, I will meet
ever, Janet
(Carol Wish)

Susie,
Only one year you a
couple times. I'm really sorry that
and I didn't see you a lot more.
It's been a lot of fun with you a lot this year
even and during the fair. Good luck in
your future endeavors in
the summer
Love Jan
Barry

Sue,
Well, we made it. I'm
totally run down, but kind of
glad that it's over. I really miss
your pies; that first one was fantastic!
Keep winning in 4-H. You raise a good
goat!

Susan—
Another year
has come and gone—thank
goodness. Keep up the writing—
it's a fun (if that's any
consolation). Good luck in
the future—in all you do. After so
many years, it just can't end with
to express the friendship and the Best—
being a part of.
Sue

Sue,
I've been sitting
moments up in art and
hearing about your sheep
and Sadie. Good luck always.
See you next year, maybe.

Bye!

Susie,
I haven't seen much of you this year. I would like to have seen you more. I remember the beach party we had last summer though, that was really tough. Have fun this summer and best wishes next year.
John Hunter

Susan,
It has been a wonderful experience knowing you these past years. I hope in the future we can also see each other once in a while. Good luck always.
Rhonda

Susie,
Speech has really been tuff this year. Have fun with your sheep & horses & keep in touch! I know you'll go far.
Patti Lewis

Susie-
You've been a brave girl - Bercaw is almost more than Superman can handle! I wish you all the luck you can gather!
Luv,
Judy

Susie- I haven't seen much of you this year, but remember the fun we had last year! Good luck, and I'll see you around!
Love,
Bonnie

Sue,
I must say that your taste in gifts for teachers is a bit unusual. However when I compare the teacher with the gift, I think I see the comparison. I'm referring to our "backbone" unused but obvious. Judy's story, I hope I didn't give you too many pains in G.W. THE FIRE was a pretty good story - yours that is. The other one wasn't.
Colleen Scott

Susie,
I'm glad that I have known you for these past 5 years. After French 3 I never thought I'd see Mr. Wilson again but no such luck. Congratulations on your award winning. You really have lots of talent. I wish upon you all the great year. That is a cliche but a really nice girl deserves. I hope I'll see you this summer. Good luck in all that you do.
Love,
[illegible]
Lots,
[illegible]

Hi Susie,
I can still remember being in elementary school together. That seems like a long time ago (probably because it was). If you are going to V.C (as is most of the same class) I'll see you. Have fun during the summer (as if anyone needs to be told to do that!) Bye.

Love
Sandy McPherson

Susie D-
You're really a wild person; I like that in a person - I do hope you find something wonderful at Cal Poly - we will keep in touch, won't we? You know how to get ahold of me, huh? Good - get ahold of me & get your 44 award, ok?

lighter words.
The year was people,

The year was the things
the people made
from their expressions.
But, whatever we made it,
THE YEAR OF THE

Choraleers created Christmas

A family scene with a Christmas tree and Santa Claus was the basic feature around which the choir presented their Christmas program. In "Twas the Night Before Christmas" Buena students were the stars. The father was played by Gary Simmons, the mother — Steve Morris, Santa Claus— Ervin Hain, Pianist— Dana Wright. Vocal soloists in this choir presentation were by Paul Bornand, Bonnie Wire, Julie Tritle, Becky Hersey, and Jana Kellner. Other musical numbers were Destene Hammond and Anna O'-Donnell, and a boy's trio with Bruce Darrough, Paul Samples, and Ron Anderson.

A floral design of Madonna and child, created and painted by art students Cindy Brimhall and Carol Anderson, captured the first place award for the Poinsettia Festival's downtown window painting project.

The winners' first place award of $25 was presented in a ceremony at Plaza Park.

Buena High swept all top honors. Also named winners were artists: Robin Horne and Susan O'Keefe, second; LeNeva Black, third; and honorable mention, Lisa Quam, Larry Bevins and Carl Tveit, Ellen Wilson and Nancy Spruiell. Second and third place winners received cash awards of $15 and $10

The top Christmas scene was executed in a gentle blend of many colors, was on the window of Ventura Florist.

More than 60 artists helped create the total

Encouraging comments from shoppers seemed to temper the moments when an artist's exasperation flared up because of incorrect proportions or the wrong coloring. "I just don't like that color on," mourned one young artist. "The brown is just too dead; it should be blue, now I can see." One senior citizen standing nearby, soothingly retorted — "Oh, don't worry about it, deary. Nobody cares about the exact color. I just think its beautiful you'd even take the time to come paint. We have such nice cheery windows now." (Star-Free Press)

Ashline's Assemblies

Steve Gillette got his start in the small folk music clubs around Southern California, and rapidly gained the respect of other musicians, club owners, and audiences

Steve was formally introduced to eastern audiences in September of 1966 when he was invited to appear at the Philadelphia Folk Festival. In Broadside Magazine's review of that festival, Steve was described as "the surprise of the evening." Since then, Steve has been in demand in clubs and on college campuses all over the country

Steve appeared, by invitation of the Canadian Government, at the Youth Pavilion at Expo '67 in Montreal. He has also been a favorite in the Disneyland summer concert series, the Mariposa Folk Festival in Toronto, and the Beers Family Festival in Fox Hollow, New York. A major creative talent, Steve has written the top selling hit song, "Back on the Street Again."

The Spurrlows

MARVA WALTERS SINGS OUT

The "Music for Modern Americans" assembly featuring the Spurrlows was sponsored by the Chrysler-Plymouth and Dodge dealers. A musical safety show gave all inside information on highway safety awareness and responsible driving. The group is a part of the Chrysler Corporation Driver Education Program.

The Spurrlows were compromised of America's top young professional musical talent. They came from all parts of the United States and were selected only after a series of auditions. Thurlow Spurr, creator and director of the Spurrlows, sang, composed, and arranged much of the Spurrlow Music. An accomplished musician, he studied both here and abroad

Help for elementary schools, parties at Halloween and Christmas, observing a day nursery, and guest speakers at meetings helped widen the world of the future teacher.

Some read for the handicapped, others attended a conference — all prepared for their future roles.

CALMLY COUCHED SANDI GH NELLI DISCUSSES TRIG W TH HIS AMERICAN FAMILY MR AND MRS FRED NAGELSCHM DT AND RICH

LOOKING OVER RECENT CORRESPONDENCE BIRGITTA SHOWS CARD TO PAR ENTS MR AND MRS PAUL LEAVENS WITH SISTER TINA OVERSEE NG OBSERV A TIONS above TAK SHOWS DR AND MRS WARREN BROWN AS WELL AS AMER CAN BROTHER DOUG BROWN JAPAN below

New experiences, both educational and social, ended for Buena's five foreign exchange students. Two students, Alessandro Ghinelli, Italy, and Birgitta Glaas, Sweden were here through American Field Service. Two, Kurth Larsson, Sweden and Tak Yashida, Japan, were sponsored by Youth For Understanding

A fifth, João Sousa de Mesquita, was here at the invitation of Mr and Mrs Wayne Harthorn. Harthorn met João's family last summer on a business trip to Brazil

I wanted to live the life of the United States," said Alessandro, or Sandy, as known to his American family, the Fred Nagelschmidts School is different for Sandy In Italy he attended a classical high school; class was held six days a week, and studied thirteen subjects

High school students in Italy are more politically involved, according to Sandy Assemblies are held once a week in which students meet and air grievances

Sandy's favorite outside activity was sports At the time, he was number two artistic gymnast in Italy He was kicker for varsity football where he kicked soccer style

Arezzo, where he lives, has a population of 80,000; the entire town is contained in an area of about one square kilometer 'Here you say — I don't have a car, so I can't go."

In my town, this isn't a problem. The stores, houses, are all together," commented Sandy Transportation in Ventura also was different to Birgitta Glaas, of Sweden She used to hitch-hike around her native town of Jarn. She was surprised at restrictions placed on hitchhikers. Birgitta found aspects of Ventura life different too

Living in a city all her life, she enjoyed ranch-style living of her 'parents", Mr and Mrs Paul Leavens. Schools in her area were structured similar to American Universities, with shorter classes and more specialized studies

After ninth grade, students had an opportunity to practice the career of their interest for a few weeks before high school Birgitta feels this helpful in choosing careers. Students are politically active in Birgitta's area

Mine was a very socialistic school," she stated, "some students are even members of the NLF (National Liberation Front) " Outside interests for Birgitta included ballet, theatre, and riding She took ballet in Ventura and hoped to become involved in little theatre

From near the foot of Mt. Fujiyama came Tak Yashida, who hailed from Tokyo. He flew across the continent and returned from Detroit in one day. "Misinformation in San Francisco led him to the wrong meeting place," Tak related

Senioritis was not his problem, as he enjoyed his stay with American parents, Dr. and Mrs. Warren G. Brown. Doug Brown was his foster brother

"Though the school hours are the same all students wear uniforms and attend classes six days a week. They have athletic competition in soccer and baseball," Yashida compared. In Japan his father is a tailor, his family included his mother and sixteen year old sister

He enjoyed Disneyland and San Francisco. Tak took a liking to sports and movies in the hobby field. The concluding feeling was that Japanese students are more interested in politics than are students here

The fifth was João Sousa de Mesquita from Brazil. He attended school during the second semester. He lived with Mr. and Mrs. Wayne Harthorn and foster brothers Allen and Roy. He arrived at the invitation of the Harthorns

João was from Rio de Janeiro where his family (mother, father and two brothers) lived just two blocks from Copa-Cabana beach. He enjoyed surfing and made surf boards for sale. A traveler, he has seen Europe, Africa, and extensively visited South America

João hoped to learn business administration so he may help his fellow countrymen. Another interest was photography. In Brazil Joao made one movie and helped produce two other films. At Christmas Joao and his foster brother, Allen, traveled to San Francisco by Highway 1

Kurth Larsson himself was a new experience for Buena, since he was one of the first two students enrolled here under the Youth for Understanding program. This program was sponsored by the State Department

Kurth, who stayed with the M. L. Blackwood family, enjoyed trips to Sacramento, San Francisco, and Redwoods in Northern California. Besides Swedish and English, Kurth spoke Norwegian, Danish, German, and some Russian

This year, studying Spanish and on return to Sweden, he hoped to be an interpreter or teacher. Kurth's twin brother, Kenneth, was involved in the YFU program and attended high school in Burbank

America's friendly

Hi! Miss Mariann Billingsley relaxed on quad wall

AFS — "walk together, talk together." These words became real for Buena students — as they gave themselves to welcome other people who made America their second home.

Candy bars, and suckers raised money for our two AFS students. Parties made them feel welcome in a different setting, and transportation committee got the students through their whirlwind of activities.

And through these people America was a better place to others. Memory making, they sent the students back with good feelings, toward people everywhere.

Rotating literature course

The American Heritage was taught to eleventh grade general English. The new course took three quarters of the school year. Remaining quarter was spent in study of general English. American Heritage program was divided into three nine-week units, each taught by different teachers, these were American Humanities, American English, and American Literature. Students changed classes and teachers each quarter. American Humanities was taught by Edmond Meitzner. This was the first time a course of this type had been offered at this level. The course dealt almost entirely with North and South American Culture. A great amount of emphasis was placed on art. Study of American architecture, folk art, sculpture, and music provided a basis for projects throughout the year. Trips to museums and local landmarks were conducted. American English class, taught by Robert Drew, used language approach. A new text book, "Language and Systems" was used. Literature segment of the program was handled by Mrs. Ruth Horner. American authors from Benjamin Franklin up to present-day authors were studied. Special attention was given to the works of Poe, Melville, Twain and Steinbeck. Classes studied poetry, short stories, plays, essays and novels.

Auto Instruction

Mr. George Fraser, auto technology instructor, is proud of the fact that his 12th grade students are working on "live cars," automobiles that after servicing roll out of the school onto the road, guaranteed to perform well

"Jerry and Tom, push the truck out and bring in the Mercury "Pull off the drums," says the teacher who sounds like a job foreman directing an efficient crew

Fraser was invited by Ford Motor Company to Dearborn, Mich, last summer. He studied the latest methods of the automotive industry and came back to Buena High with $5,000 worth of teaching aids

"They included manuals, hardware, films, and overlays of the latest designs along with a course of study that covers all aspects of practical training," he said

The emphasis is on practicality, on knowing how to do what "This doesn't preclude enough basic knowledge to enable students to switch from car to car or to absorb any innovation that might come along," he explained

The first year of auto technology was taught by Mr. Tom Stoddard The class, called beginning auto mechanics, works on all the units of the automobile separately

Stoddard's shop is lined with work tables. Shining new Pontiac engines are assembled here Even a disc brake is available

In the second year, students graduate to live automobiles and learn to diagnose and correct troubles.

Under such signs on the walls as "Prior planning prevents poor performance", and "Think Quality" boys in overalls handle tools with the assurance of real pros

"They know that if they are good, they'll be snatched up by dealerships and garages where trained mechanics are sorely needed," said Fraser

"This past year, for the first time, local Ford dealers will take the best students from my class for a work experience program. Their school schedule will be adjusted accordingly," he adds

One of the boys grinding valves look up: "Even if I decide to become a master chef, I'll always enjoy working on my car "

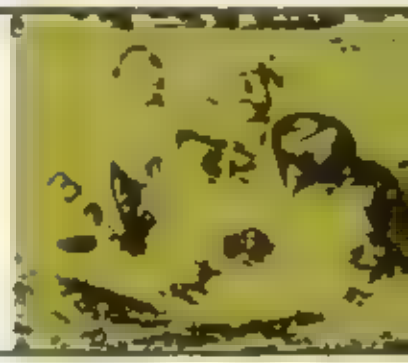
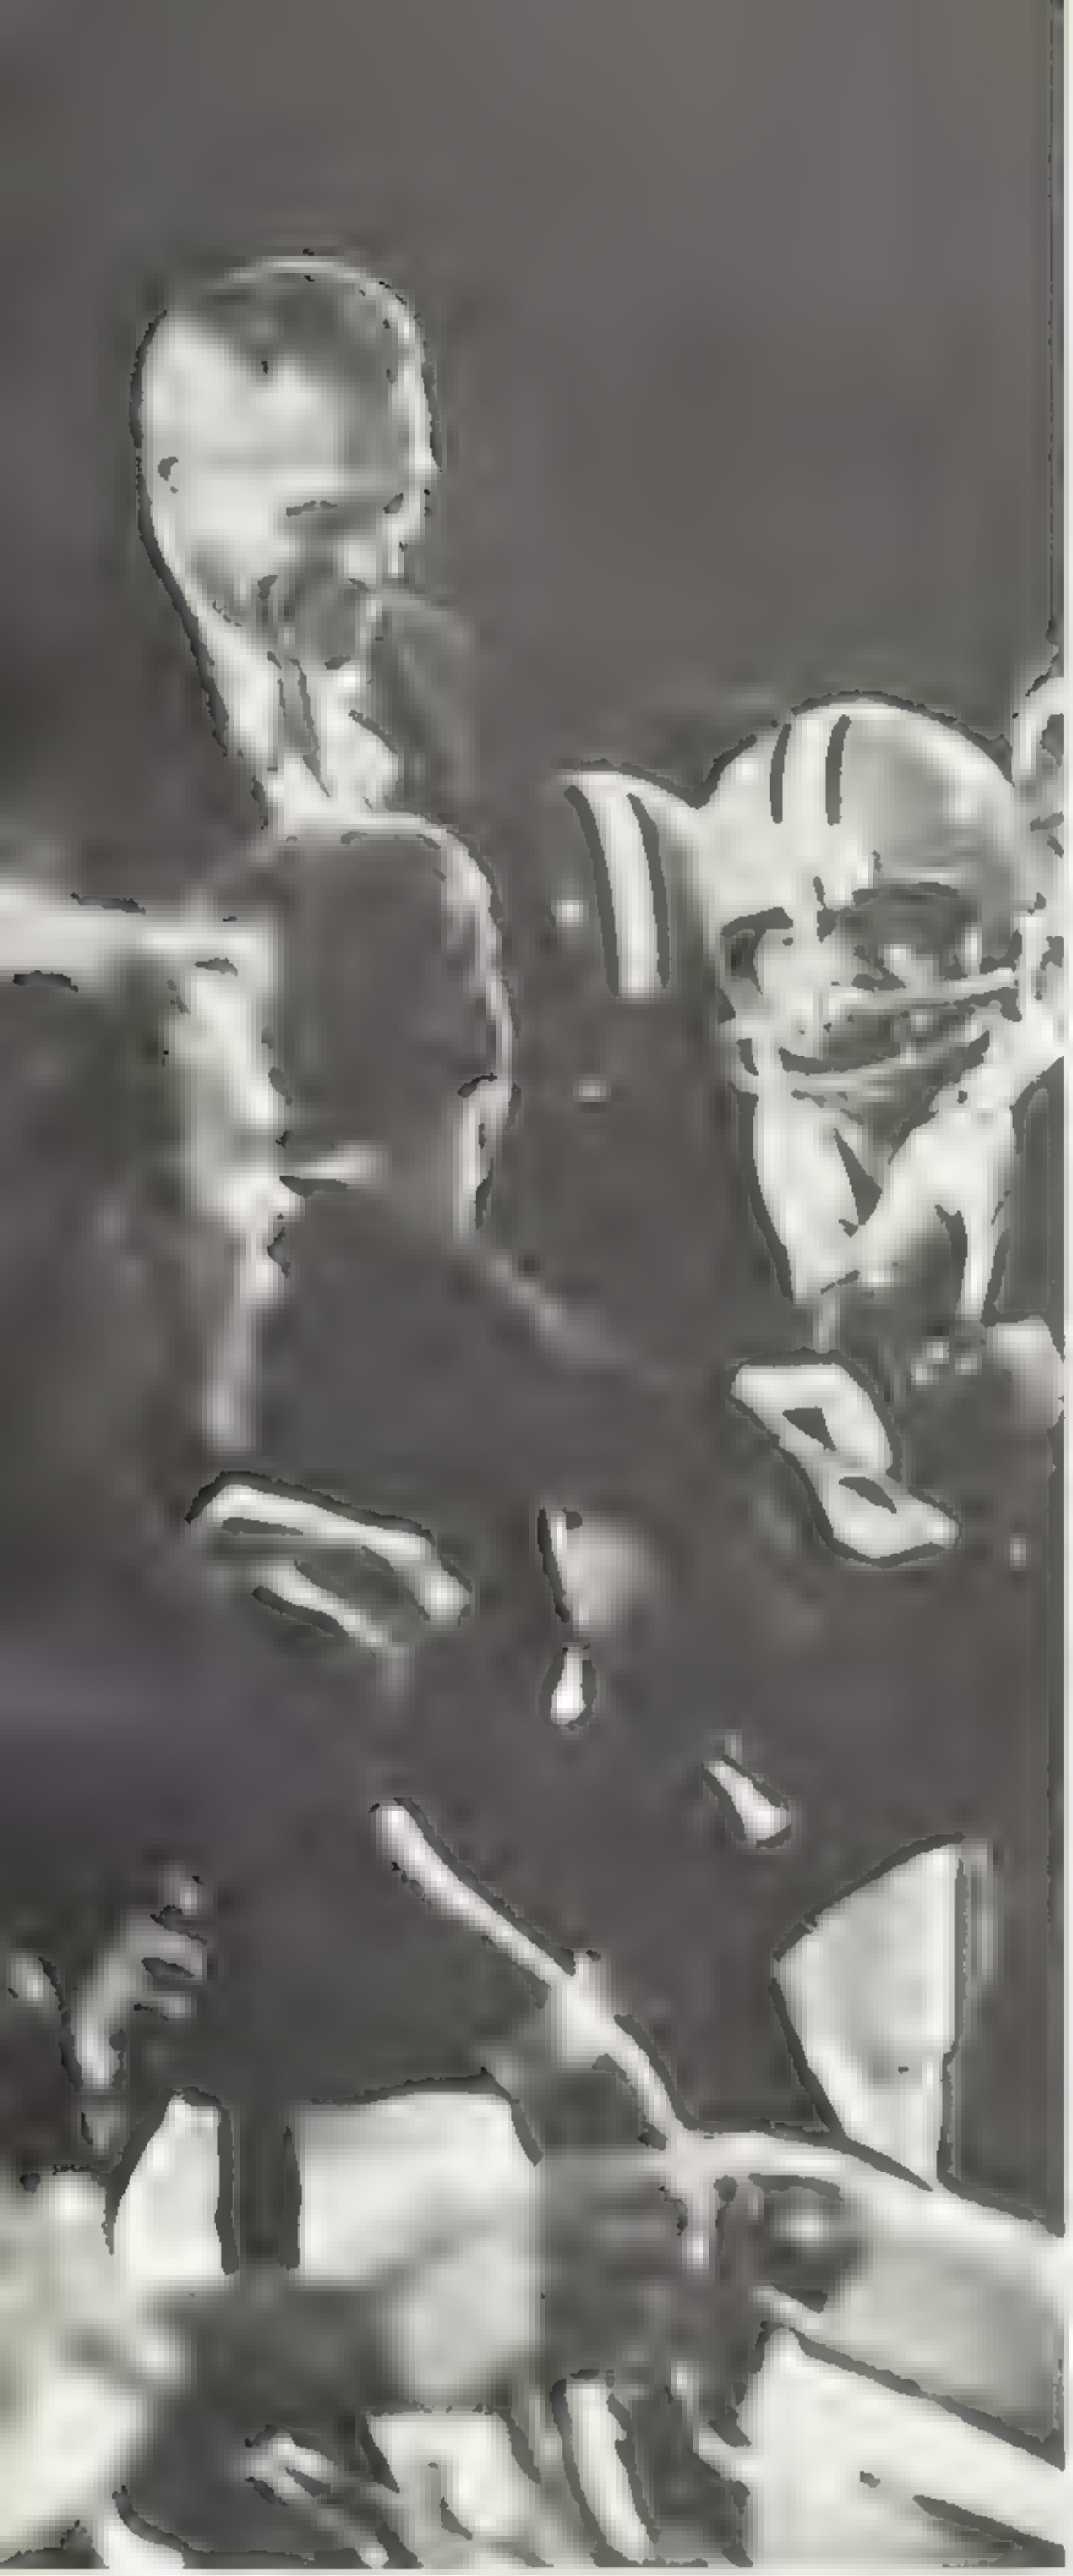
SPORTS





Momentum carries Dogs over Dons 15-7

Football fans who stayed away from Larrabee Stadium to hand out candy to Halloween visitors, missed probably the greatest football win in Buena High history

The Bulldogs handed Santa Barbara its second straight Channel League loss, 15-7. It was Buena's first win of the season and first-ever over the Dons

Buena's defense simply overpowered the Dons. And that, believe it or not, is a statement which would hold up in any court of the land, as there were some 2,000 witnesses who saw 60 minutes of bruising defense by Buena.

In the crucial fourth quarter with Buena fighting to maintain its 15-7 lead, the Bulldog defenders broke through to dump Don quarterback Earl Pointer four times for losses totaling 32 yards

The Los Angeles Rams may have the "Fearsome Foursome," but Buena had 11 "Bulldog Bruisers" who specialized in the destruction of the Don's backfield

EPIC VICTORY

By John Robinson
Star-Free Press sports writer Dave LaBelle Photos Courtesy Star-Free Press

Bob Henning, Dean Daniels, Bruce Jackson, Randy Partin, Jeff Easterly, Jerry Aguilar, Phil Carr, 140-pound Danny Martinez, Gary Frick, Bill Moody, Tyson Dillard, Augie Olgy, and their replacements, took turns dumping Don runners for losses 10 times for 84 yards

Rick Lyons, John McElree and Greg Paul made the big plays in the defensive secondary. Paul made a key interception late in the fourth quarter to preserve the win

Bulldog Coach Hank Ertman, having gone through an hour which strained his emotions to the limit, was on "Cloud Nine" after the game. "We played good football," he said, as he mingled with his happy heroes

Actually, both players were two-way performers for the season. Aguilar, a 155-pound senior was student body president, played halfback on offense and cornerback on defense. The 185-pound senior Partin played linebacker on defense and flankerback on offense

Varsity co-captains honored were senior guard Willie Brown, who missed much of the season with an injured knee, and defensive halfback Rick Lyons, who also played quarterback and offensive halfback when called upon to do so

COACH ERTMAN TALKS OVER FUNDAMENTALS AT A PRACTICE SESSION (left) CAMARILLO CONFLICT SAW VARSITY DEFENSE OF JOHN McELREE 42 BOB BENNING 46 DAN MARTINEZ 28 RANDY PARKER 81 LINING UP OVER BALL (below)

Coach Ertman's Summary

Fall of 1969 found our football team beset with rumors and counter rumors concerning athletics in the city of Ventura. Fortunately we were able to field a team (sans a coach or two) full of confidence but with few if any experienced ball players. We were "green" and untried at virtually all key positions, but we felt that we could even our share of games.

We went to Santa Monica and lost (13-6) to a team that ended their season undefeated and champs of the Bay League

Next we played Santa Paula and the score does not indicate the closeness of the game. They too ended up co-champs of the Frontier League.

In our first league game we finally moved the ball well against one of the better defenses in the league We still lost, 14-7

Our next two games were played on Saturday afternoons with the East Winds howling. Thousand Oaks and Camarillo were both too "hot" for us

We finally broke our losing streak by tying Oxnard, 7-7

By far our finest game was against a big and tough Santa Barbara team. We played up to our potential and won, 15-7. Needless to say this was a historical moment, for it was Buena's first football win over the Don's

In the mud we lost to Hueneme, 26-6. Finally, in an error filled game (7 fumbles and innumerable other mistakes) we lost to Ventura

Football, like life, has its high points and low points. The mark of a team is how they handle either extreme. We never lost our enthusiasm, our drive, or our desire to win; consequently, our season was successful from the standpoint of learning to live with adversity. We dealt with one problem after another but we never looked back, and we never quit!

Sue,

I hope Karen your husband
is an animal lover. Maybe you
goes along way. Many times
you have "lamb" when you're
little good married. You're a lucky
get friend. And I hope
we keep in touch & hope
the years it's been through
in 4-4 years it's still fun
God and Bless you + God
luck
through the love
years. Barb
& in college!! 70 Reese

Dear Susie-Q (and all your sheeps)
It was fun knowing you
& eating your gum. I wish
we'd known each other
better this year. Anyway we'd
have a good life... keep
keep smiling!
Love,
Helen
